

PREREQUISITES IBM CLOUDSERVICE

Team ID : PNT2022TMID12069

**Project Name Project - SIGNS WITH SMART
CONNECTIVITY FOR BETTER ROAD SAFE**

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for 'Catalog', 'Manage', and 'SREE HARISH N's Acco...'. Below the navigation bar, the 'Dashboard' section is visible, featuring a 'For you' section with several cards: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Monitor your resources' (Get visibility into the performance and health of your resources), 'Get Started with the CLI' (Install the IBM Cloud™ developer tools, which include the latest IBM Cloud CLI, verify the installation, and configure the environment), 'Create an OpenShift cluster' (Deploy apps on highly available clusters with Red Hat OpenShift on IBM Cloud), 'IBM Watson Machine Learning' (Deploy, monitor and optimize machine learning models quickly and easily. Leverage auto-generated APIs to infuse AI into your applications), and 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes). Each card includes a 'Getting started' or 'Popular' button and a duration (5 min, 10 min, 20 min, 2 min, 2 hr). Below the 'For you' section, there are four more cards: 'News' (Announcing IBM Cloud Pak for Network Automation Version 2.4, No Prerequisites for IBM Cloud Certifications, IBM Tech Now: October 24, 2022, Event Streams Adds Value to Kafka), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (View all). The bottom of the dashboard shows a Windows taskbar with the search bar, taskbar icons, and system tray information (32°C Mostly sunny, 15:35, 31-10-2022).
